

SERIOUSLY ILL AT WESTERY

Major Arthur N. Nash, a Recent Patient at Backus Hospital, Contracts Typhoid in Atlantic City—Auto Accidents—Funeral of Dr. John W. Hughes—Surprise For Mr. and Mrs. Henry O. Williams—Smith-Morey Marriage.

Major Arthur N. Nash is seriously ill at his home in West Broadway street with typhoid fever, presumably contracted while he was at Atlantic City about three weeks ago as a state department delegate to the national convention of United Spanish War Veterans. Soon after his return, with Mrs. Nash and Mr. Stephen R. Wightman of New London, he went on an automobile trip to the city. The touring car with which they were traveling, which they reached last Tuesday, Mr. Nash received medical attention there and after two days the physician advised that he leave direct for his home. Mr. and Mrs. Nash arrived in Westery Friday afternoon. Upon their arriving home the family physician was summoned and the case diagnosed as typhoid fever. A graduate nurse was at once secured. The latter part of last May, Major Nash was suffering from a cold, pneumonia and his condition was considered critical. Three years ago he was operated upon in the Backus hospital for appendicitis, and the case was so serious that the patient remained in the Norwich hospital much longer than is usual in such cases.

Attorney Alfred B. Crafts has reopened his case against the Mechanics Savings bank of Westery, in which he seeks to recover \$50,000, a balance alleged to be due him for professional services rendered. Before Judge Tanner in the superior court for Providence county consideration was given the case. Mr. Crafts' motion that he be allowed to file a new bill of particulars was granted, but his motion to file an additional count to the declaration was denied. The defendant's motion to strike out certain portions of the declaration was denied.

The taxpayers voters of Narragansett Pier are endeavoring to have the state take over the road from the change place to Point Judith, a distance of six miles, and action in the matter will be submitted to the annual town meeting called for early next month. While this is not a direct route to connect with some other town, it is claimed it is a much traveled highway and would be used by nearly every automobilist who visits the pier, if the

Girlish, Wrinkle-Free Skin Easy to Have

(From Pictorial Magazine)

Since the remarkable achievement and tonic properties became known, clever women all over the world have been using the exfoliate face bath to "tone up" their faces, remove wrinkles and draw fatty cheeks and neck back to normal. After using the solution, the face immediately feels much firmer. The skin tightens evenly, gradually, all over the face, thus reducing lines and sagging. The formula is: Powdered exfoliate, 1 ounce, dissolved in witch hazel, 1 pint.

Another wonderful facial beautifier and rejuvenator that has become quite a rage in the United States, as in Europe, is mercurized wax. Druggists report a great demand. The wax literally absorbs a yellow, blotchy or wrinkled complexion, giving the face a new, healthy, hued young skin underneath a chance to breathe and to show itself. Applying the wax at night, like cold cream, washing it off morning, will completely renovate a poor complexion in a week or ten days. One ounce usually is sufficient.

road was improved. Naturally, the townspeople of Narragansett are interested to have it made into a highway, as the town would then be relieved of a long stretch of important roadway to keep in repair.

Congressman George H. Utter of Westery, who was among those first selected to get aboard the special tariff train to follow in the wake of Governor Wilson to reply to some of his tariff talk, will probably be chosen permanent chairman of the republican state convention to be held in Providence, October 9. Though from a small town, Mr. Utter has been secretary of state and governor, and is recognized as one of the brightest lights in the party. He was selected as one of the speakers to advance the principles and policies of the republican party in the recent Maine and Vermont campaigns and will be busy in that particular line until the day of election.

The executive committee of the party in the state at the meeting Tuesday will reach a definite decision as to the convention chairmanship. The candidates for presidential electors will also be discussed, and it is even possible that some of the party will be represented in the list of electors.

There was quite a lively time, just for a few minutes, in the usually very quiet Ashaway, near the section known as Lonsdale bridge, where the freight station of the Ashaway and Westery trolley road is located. A team was standing at the station and just beyond was a covered wagon with Frederick Elson and his son occupying it. Along came an automobile run about, 4500 Rhode Island registry, driven by one of the officials connected with the Bradford Dyeing association. Just at this point there is a culvert recently replanked by William Elson, and ends of the planking protruded above the regular road grade.

In passing the team at the station, the automobile struck the edge of the elevated plank, and the driver lost control of the steering gear for an instant, but just long enough for the machine to crash into the baker cart, overturn the vehicle and throw the occupants to the ground with great force. The boy escaped with slight bruises, Mr. Elson received a cut in the back of the head, but not of a serious nature. The car was a wreck and the automobile driver told Mr. Elson to have repairs made and that he would settle the bill. The automobile was so badly damaged that it was put out of business and towed to a garage for repairs.

There was a large attendance of friends at the funeral of Dr. John W. Hughes, the republican high mass at the church of the Immaculate Conception being celebrated by Rev. Peter McGowan. Solos were rendered by Mrs. H. Spaulding, Mrs. Katherine Brown and Mrs. M. H. Driscoll. There were beautiful floral tributes. Burial was in St. Michael's cemetery. The bearers were Mrs. John May, Michael E. Scanlon, James J. Crowley, John M. O'Connell, Owen Denney of Stonington and Richard Shea.

Swan's livery automobile and the automobile owned and driven by Postmaster Eugene Wheeler of Hopkinton City in collision Sunday morning near the White schoolhouse on the Potter Hill road. One of the wheels on the Swan machine was smashed and the postmaster's auto was totally disabled. The driver of the Swan machine borrowed a wheel and came to Westery, where the postmaster's automobile in tow. Both machines were taken to a local garage for repairs. The mishap was caused by the postmaster swerving the machine the last and almost in front of the Swan machine, which was coming in the opposite direction.

Westery men are always among his assistants.

STAFFORD SPRINGS

Junior Fair and Agricultural Exhibit Even More Successful Last Year—Town to Vote on License.

The junior fair and agricultural exhibit held in Staffordville Saturday afternoon drew a large attendance and was even more successful than the one of a year ago. The exhibits showed that the boys had been busy in farm and garden during the summer and some splendid specimens of produce were exhibited. The athletic events in charge of Richard H. Valentine of the Springs were a feature and the folk dance by the girls in Staffordville were particularly interesting.

"Less Butter—More Cottolene in Your Kitchen"

THE cost of living has increased so that today one's income goes only about half as far as it did 15 years ago. Under such circumstances it is surely up to every housewife to count the cost of food pretty carefully.

Butter is one of the big items on every monthly expense account. We use too much butter, and butter is sky high most of the time.

Let us tell you the solution to the problem. Butter is a necessary on the table; it is an extravagance in the kitchen.

Cottolene will give you just as good or better results than butter in cooking, at half the cost. It makes deliciously dry, crisp food, without the suggestion of grease.

Food cooked with Cottolene digests more easily than either butter- or lard-cooked food.

Add to these the fact that Cottolene will go one-third farther than butter or lard, and you are without a possible excuse for at least giving Cottolene a trial.

We assure you it will make good and save you money.

VELVET-LIKE
Laundry Soap

—The Largest Selling Laundry Soap in New England Because
It Doesn't Hurt the Hands

If your hands smart and burn, if they redden and crack, it's a soap's fault. If your hands say at a glance that you wash clothes, the soap is wrong. Get rid of that soap and use a soap that soothes.

Borax, as used in Welcome Soap, loosens dirt, whitens the clothes, and is a great balm to the hands. We use five times more Borax yearly than all other New England makers together. Not only because it saves hands, but because it saves clothes, and is a wonderful cleanser.

That is why this velvet-like soap outsells all others. Buy a big cake, 5 cents, of your grocer. It's all soap.

The Guarantee

Your grocer will give you money back if you can find a better laundry soap. Our great reputation, and the priceless good will of hundreds of thousands of users, are at stake in each cake.
